

WHAT IS PROJECT SIKAP?

S.I.K.A.P. (Suportang Interbensiyon para sa Kaalaman ng Araling Panlipunan) focuses on concept reinforcement and support for learners with diverse needs. The initiative provides a platform that has intervention activities such as modules, articles, video lesson, and mock examination that helps address learning gaps or difficulties in understanding important topics in Araling Panlipunan: Ekonomiks.

EMBRACING EDI: EQUITY, DIVERSITY, AND INCLUSION

Why it Matters?

Equity, Diversity, and Inclusion (EDI) ensures that all learners — regardless of background, ability, or identity — feel valued and are given fair opportunities to succeed.

Importance of EDI in Project S.I.K.A.P.

Equity: Custom interventions match each student's learning needs

Diversity: Materials reflect diverse perspectives and contexts

Inclusion: Every learner is given space to participate, learn, and succeed

Benefits of EDI in AP Learning

- * Promotes critical thinking and empathy
- * Encourages participation from all the students
- * Builds a classroom culture of respect and belonging

PROJECT SIKAP FEATURES

Learners Portal – Modules, Articles, Video Lesson, Mock Examination, Final Examination, Certificate of Completion

Teachers Portal – Learners Information, Progress Tracker, Project SIKAP Information

USING THE APPLICATION WITH EDI PRINCIPLES

Know Your Learners

Use surveys or assessments to understand students' backgrounds, strengths, and challenges.

Differentiate Materials

Use S.I.K.A.P. modules, articles, videos, and mock test based on students' learning styles

Create Safe Learning Spaces

Establish norms that respect each student's voice and culture.

Foster Inclusive Discussions

Use the economic concepts to explore real-life issues that relate to students' communities and experiences.

Use Formative Feedback

Regularly monitor understanding through Project S.I.K.A.P. Mock Test and adjust instruction accordingly.

S.I.K.A.P. is developed by five graduate students from the National Teachers College, dedicated to supporting diverse learners. Through a learning app with modules, stories, videos, and quizzes, they aim to address gaps in understanding key topics in Araling Panlipunan: Ekonomiks.

ISANG PANGARAP, ISANG TAGUMPAY
